I see first hand the difference that Evergreen can make in my patients' lives and am proud to work with them and support their work by being a Friend.

I became a Friend of Evergreen because I see what the Church looks like with its sleeves rolled up and sharing the love of Jesus by touching lives.

As a family, we befriend an older person; we have taken him into our hearts. Our whole family benefits and is enriched by the experience - being a Friend is a bonus!

I thank God for what Evergreen has brought to my life and being a Friend is just another way of saying "thank you".
